

1.Can we declare or create the following vector in MATLAB

Y =

7.1

7.1

7.1

8

8

8

2.What will be the result or displayed if the following command is executed or written by MATLAB ?

Y(0)

Y(-1)

Y(-2)

3. Assuming we have the following vector X = [2 -1 5 8 4 10 2 6]

3.1.Can you **remove the value in red**

3.2.Can you make the vector as follow

X = [2 -1 5 8 4 10 2 6 . . . 99]
