

Evaluation Method

```
graph TD; A[Evaluation Method] --> B[Credits = 02]; A --> C[Coefficient = 01]; B --> D[Pre-test = 15%]; B --> E[Assessment = 20%]; B --> F[Notebook = 15%]; B --> G[Written test = 50%]; D --> H[Final note or mark]; E --> H; F --> H; G --> H;
```

The diagram is a flowchart illustrating the evaluation method. At the top, a dashed green box labeled 'Evaluation Method' in red text branches into two solid green boxes: 'Credits = 02' and 'Coefficient = 01'. The 'Credits = 02' box further branches into four solid blue boxes: 'Pre-test = 15%', 'Assessment = 20%', 'Notebook = 15%', and 'Written test = 50%'. All four of these boxes then lead to a final dashed green box at the bottom labeled 'Final note or mark' in red text, with a blue arrow pointing down to it.

Credits = 02

Coefficient = 01

**Pre-test
= 15%**

**Assessment
= 20%**

**Notebook
= 15%**

**Written test
= 50%**

Final note or mark
