إنشاء بيانات جغرافية

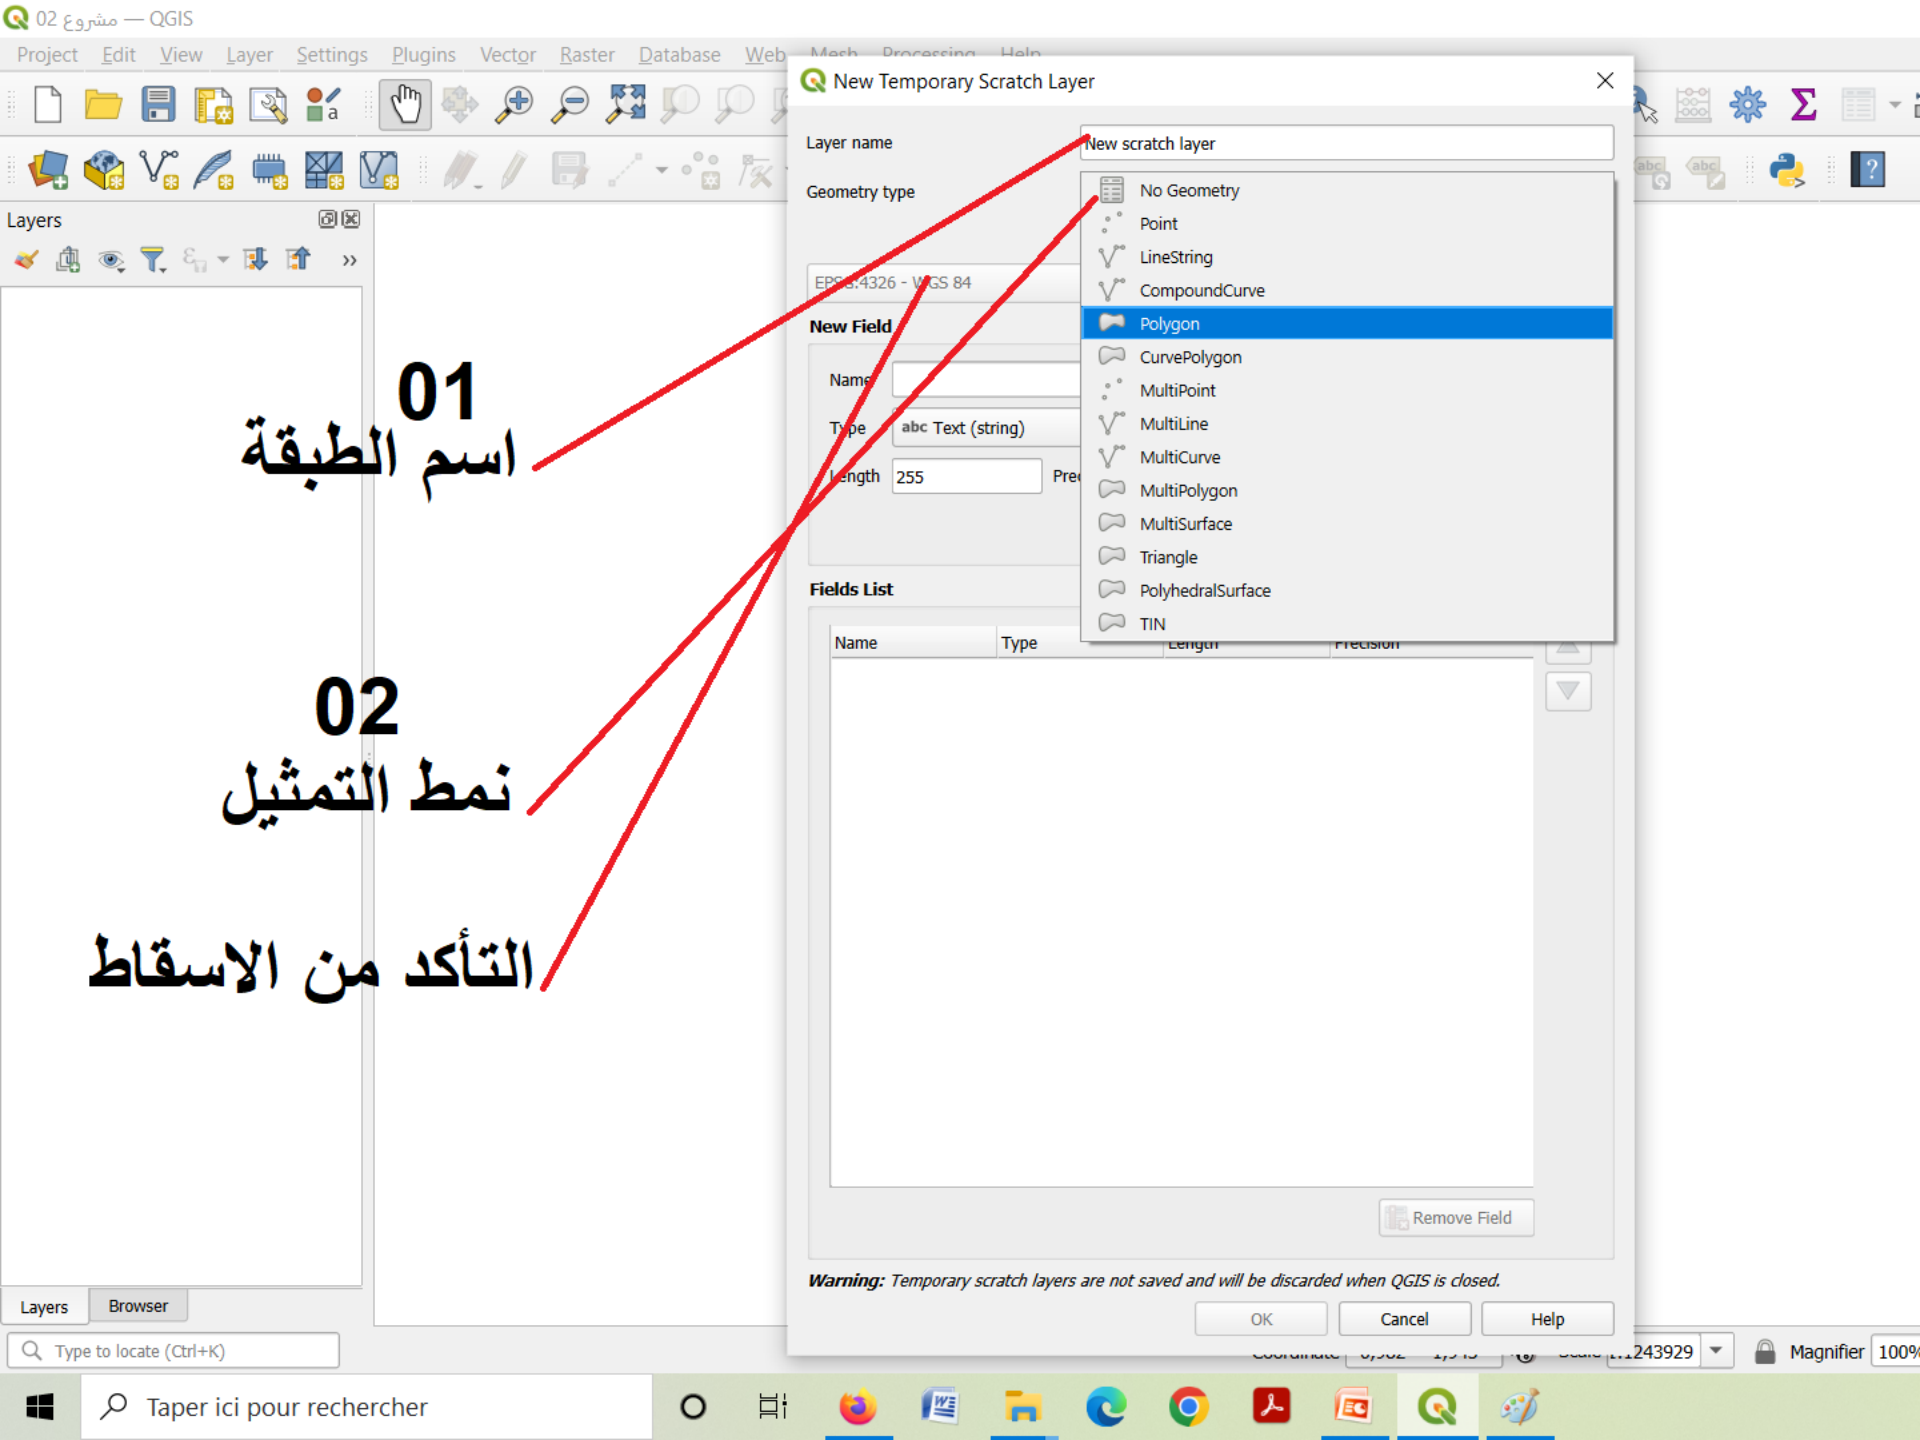

The image shows a screenshot of the QGIS software interface. The main window displays a map of North Africa and the Middle East, with labels for countries like Maroc, Algérie, and Portugal. A red arrow points from the 'New Temporary Scratch Layer' dialog box to the 'New Temporary Scratch Layer' icon in the toolbar. The dialog box is titled '01 مشروع — QGIS' and contains the following text:

The image displays the QGIS software interface with a red arrow pointing to the Vertex Tool icon in the toolbar. A yellow tooltip box is overlaid on the map, providing instructions for the tool's use. The interface includes a menu bar (Project, Edit, View, Layer, Settings, Plugins, Vector, Raster, Database, Web, Mesh, Processing, Help), a toolbar with various editing tools, and a Layers panel on the left. The map shows a geographical area with a pink polygon and a red rectangle highlighting a specific vertex.

Vertex Tool — Current Layer
Manipulate vertices on the active layer:
Right click to lock on a feature.
Click and drag to select vertices by rectangle.

إنشاء طبقة دائمة بدلالة طبقة مؤقتة

The image shows the QGIS interface with a map of Algeria. A context menu is open over a layer named 'طبعة جديدة' (New Layer). The 'Make Permanent...' option is highlighted with a red circle and a red arrow. The menu also shows other options like 'Zoom to Layer(s)', 'Zoom to Selection', 'Show in Overview', 'Show Feature Count', 'Show Labels', 'Copy Layer', 'Rename Layer', 'Duplicate Layer', 'Remove Layer...', 'Move to Top', 'Move to Bottom', 'Open Attribute Table', 'Toggle Editing', 'Current Edits', 'Filter...', 'Change Data Source...', 'Set Layer Scale Visibility...', 'Layer CRS', 'Export', 'Styles', 'Add Layer Notes...', and 'Properties...'. The status bar at the bottom shows the coordinate system as EPSG:3857, the scale as 1:10512077, and the date as 2026-04-19.

التحكم في خصائص الطبقة

The image shows a screenshot of the QGIS desktop application. The main window displays a map of a region in Tunisia, with several layers visible in the Layers panel on the left. A red line highlights the 'الحدود' (Boundaries) layer. The Layer Styling panel on the right shows the 'Single Symbol' style for this layer, with a 'Fill' property set to a green color. The 'Color' property is set to a green color, and the 'Opacity' is set to 100.0%. The 'Unit' is set to 'Millimeters'. The 'Layer Rendering' section at the bottom right shows 'Live update' checked and 'Apply' button.

The image shows the QGIS software interface. At the top, the title bar reads '*Untitled Project — QGIS'. Below it is a menu bar with options: Project, Edit, View, Layer, Settings, Plugins, Vector, Raster, Database, Web, Mesh, Processing, Help. A toolbar contains various icons for navigation and editing. On the left, the 'Layers' panel is visible, showing a single layer with a checkmark and the number '1'. The main map area is currently blank. A red line points from the 'Save Layer Edits' icon in the toolbar to a tooltip box that says 'Save Layer Edits'. The tooltip also shows a small preview of the editing tools. At the bottom, the status bar displays 'Coordinate 2.607°, -4.818°', 'Scale 1:1221725', 'Magnifier 100%', 'Rotation 0.0 °', 'Render', and 'EPSG:4326'. The Windows taskbar at the very bottom shows the search bar with the text 'Taper ici pour rechercher' and several application icons.
