

Computer Science 1 (1st year ST) - 45h00

Know through

Practice and enhance knowledge through

lectures (1 lecture a week)

PW (1 PW a week)

Composed of

Composed of

3 Chapters

5 PWs

Chapter 1

accessible via

Chapter 2

 Google Drive

Chapter 3

Introduction to computer science (7h30)

Notions of Algorithm and Program (10h30)

Indexed variables (4h30)

PW 1
Basic Concepts of Computer Science (4h30)

PW 2
Information Encoding Systems (4h30)

PW 3
Notions of Algorithm and Program (4h30)

PW 4
Conditional Control Structures (4h30)

PW 5
Repetition Control Structures-Loops- (4h30)
